

The Secondary Vocational School in PRUSKÉ

The Position of the Secondary Vocational School in Pruské in Slovak educational system

Secondary Vocational School in Pruské

Compulsory school attendance

School characteristics

- The school has a 62-year tradition. It resides in a 16th century renaissance manor-house. Its vast estate embraces the adjacent new buildings and a historical park.
- The school prepares specialists for practice in various fields of agriculture, nutrition, the management of agricultural production, countryside development, landscape management and design, horticulture, flower arranging and cynology.
- Our school actively participates in and implements a number of project (Socrates, Leonardo da Vinci, Flornet, Comenius).
